Auf <http://www.amigaworld.net> steht:

The official site of the SAM440 motherboard (codename "Samantha") has been born and is now online.

It can be found [here](http://www.sam440.com/eng/index.html) in English, while the the original Italian site can be found [here](http://www.sam440.com).

The site will grow and publish news, information and other media about the SAM440 motherboard.
