On the following links you will find your other Youtube-Video about the Amiga, which were released in the last days:

MIGs Yesterchips - Folge #075 vortex Golden Gate (Teil 2)

Die Golden Gate ist eine Diva, nein, sie kann eine regelrechte Zicke sein. Auf ein paar ihrer Features, als auch ihrer Schrullen schauen wir in dieser Folge. Wer brachte nun die besseren Bridgeboards? Commodore oder doch vortex?

Lethal Xcess (Amiga) - A Playguide and Review - by LemonAmiga.com

Lethal Xcess (Wot!, not Cross-ess?), is a vertical Shoot Em Up from 1991. This has all the hallmarks of a great game, but memorising all the attack patterns in order to master it can be quite challenging. Id never heard of this game before I made this review.

The Guru Meditation: 81 Year Old Commodore Amiga Artist - Samia Halaby

Samia Halaby is a world renowned painter who purchased a Commodore Amiga 1000 in 1985 at the tender age of 50 years old. She taught herself the BASIC and C programming languages to create "kinetic paintings" with the Amiga and has been using the Amiga ever since. Samia has exhibited in prestigious venues such as The Guggenheim Museum, The British Museum, Lincoln Center, The Chicago Institute of Art, Arab World Institute, Mathaf: Arab Museum of Modern Art, Sakakini Art Center, and Ayyam Gallery just to name a few.
