03.12.2018 Sensible World of Soccer (SWOS Hanse Cup 2019)

The "SWOS Hanse Cup 2019" will take place on Saturday 09 February 2019 in Hamburg.

On 09 February 2019 a SWOS 96/97 tournament will be held in Hamburg and (of course) played on real Amiga hardware.

An Amiga 1200 and Amiga 600 (incl. FURIA turbo card) are on site. Various Amiga Joysticks/Controllers and adapters for your controllers will be available. Of course you can also bring your own joysticks and gamepads.

So far some German and international top players, as well as interested "amateur" SWOSers have signed up to come. After the preliminary round it goes on for all, so that even the eliminated players make still further games (around the places).

Maybe here is one or the other Sensitive World of Soccer fan from the nearer surroundings or from further away who would like to come. Admission is free. For a small fee you can buy drinks and food.

Whether young or old, whether beginner, amateur or world class. Everyone is cordially invited.
