02.12.2018 Vintage Viewer is now Videntium Picta

Videntium Picta is an image viewer that was programmed with Hollywood™ and can display the following image formats (jpg, png, gif, lbm, bmp, in a native way. svg, jp2(jpeg 2000), tiff, pcx, with the Hollywood™ plugins).

Limitations: With HD or big sizes images the special zoom 2x-4x doesn't work correctly.

Versions for AmigaOS3.x, MOS and Windows 64-Bit are available.
